CRASH!

You've had an accident.

Your vehicle is damaged,
but not totaled.

You have your vehicle repaired,
and insurance pays for it.

Everything's good now, right?

WRONG.

Your vehicle's value has diminished.
It can now be worth 30% less! When
you sell your vehicle or trade it in, its
CARFAX® report will reflect a lower
value. These types of VIN history
reports make it easy for the next buyer
to know whether your vehicle has been
in an accident. This can automatically
reduce the vehicle's value even if the car
is in excellent condition.

WHAT IS VALUEWISE?

VALUEWise is not insurance. It's a
protection plan that **may give you up to
\$10,000 more when you trade-in or sell
your vehicle**, to cover the loss of value
from an accident!

VALUEWise protects against a financial
loss from diminished value.
